## What to expect at the camp.

The purpose of this camp is to alleviate some of the anxiety associated with entering a new school. Purple Pup camp is designed to help students transition from elementary school to middle school by allowing them an opportunity to make new friends and connect with the school staff. They will learn to work in teams to accomplish goals through a variety of fun games. They will also participate in interactive activities that will help them become familiar with the layout of the school while learning about the policies and procedures.

*Start your journey towards success at Pup Camp!*
